## **DETAILED ACTION**

### ***Election/Restrictions***

Applicant's election without traverse of Invention III in the reply filed on August 21, 2006 is acknowledged. Furthermore, it is acknowledged that the Applicant submits that claims 1, 3-7 and 15-16 are generic claims and are readable on the elected species. However, the claims have been withdrawn from further consideration in accordance with the reply filed on August 21, 2006.

### ***Response to Arguments***

Applicant's arguments filed May 1, 2006 have been fully considered but they are not persuasive.

The Applicant argues that "*Gorman* maintains the same aerobic heart rate through various phases of exercise rather than changing the heart rate limits during the exercise based on predetermine chance criterion associated with the exercise" (page 8). However, *Gorman* discloses in column 16, lines 11-12, "the heart rate is supposed to change during the phases of warm-up, aerobic workout, and cool-down". Therefore, *Gorman* does not maintain the same aerobic heart rate through various phases of exercise, i.e. warm-up, aerobic workout, and cool-down and does in fact change the heart limit.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 5-6 and 15-16 stand rejected under 35 U.S.C. 102(b) as being anticipated by Gorman (US 5,394,879) for reasons previously made of record.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

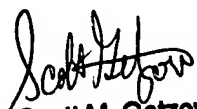

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
